

"Where the future begins."

- 13 Commercial stores
- Large office spaces
- 52 Residential apartments
- 3 Basements
- Built-up area over 13,000 m²

Commercially, the project is strategically located in one of the most prominent areas in Beirut. Being home to various industries ranging from clothing to gold, the street is a bustling commercial hub for the local community and seeks a future hub-to-be featuring a shopping diversity that grasps consumers from all over Lebanon.

With that, the team's ultimate dedication towards the commercial section bred a liberty of innovation to embrace the street with a new phenomenon. From that, the project features a superbly well crafted shopping center stretching over 30m with a 13m entrance and a height of approximately 6m just enough to provide maximum visibility to its shopping units. The outlandish project introduces twelve shopping units accompanied by mezzanines ranging from 41m² to 120m², and a 970m² underground space all designed to fit institutes, supermarkets, banks, or just any choice of your business. All spaces benefit from a perfectly designed spacious walking area in the shopping center accompanied by a decent amount of parking spaces.

يقع المشروع في إحدى أبرز المناطق في بيروت؛ ويضم نشاطات تجارية متنوعة، ليشكل الشارع محورا تجاريا يعتبر نبض للمجتمع المحلي.

ومن الناحية التجارية, يتمتع المشروع بموقع استراتيجي متميز في واحدة من أبرز المناطق في بيروت. لذلك خصص فريق مطوروا البناء وقتا كافيا لاستقطاب افكار فريدة مـن نوعها لتشكل ظاهرة جديدة في شارع البربير التجاري. تمكن الغريق مـن تطبيق فكرة سوق تجاري يمتد على طول ٣٠م مـع مدخل يمتـد علـى طـول ١٣م وعلـو ٦م ليمنـح كل مـن المحـلات التجاريـة الرؤيـة الكافيـة والمناسـبة للشـارع العلم
